SKILLS/STRENGTHS

Strong technical and artistic understanding of photographic and cinematographic technique. Experience with film and theatrical lighting systems and methodologies. Grounding in animation methods, compositing techniques, and film editing. Experienced in audio engineering for live or studio bands, and film sound design. Innate ability to learn new tools and systems very quickly and easily.

SOFTWARE

Strong: RED camera post production pipelines, Adobe Photoshop, After Effects (Keylight), Illustrator, Apple Final Cut Studio, Pro Tools.

General: Boujou, Syntheyes, Mocha, Microsoft Office, Macintosh and Windows operating systems.

Basic grounding: Nuke, Shake, Modo.

Willing to learn: Just about anything.

WORK EXPERIENCE

Production Technician, Ithaca College, Ithaca, NY. December 2007-Present

Duties include lighting design, film/video projection support, sound engineering, and presentation assistance for on-campus events, presentations, conferences and concerts. Secondary duties include determining staffing requirements for events, and assembling weekly schedules.

Challenges include troubleshooting equipment under pressure and creating ways to meet clients' more complex requests using only existing equipment.

Clients include: Nationally syndicated radio hosts, local and national bands, large state conferences, on campus groups and a multitude of guest speakers and lecturers.

Production Intern, 3 Roads Communications, Frederick, MD July 2008

Title animation, designing DVD menus, spot checking DVDs, troubleshooting and repairing Macintosh production and capture systems, camera operation/sound mix on shoots, FedEx runs, coffee, general intern duties.

Freelance Staff Photographer, The Ithacan, Ithaca, NY. August 2008-Present

Shooting weekly newspaper assignments covering everything from on-campus events to sports.

Assisting editors in paper assembly process, color correction, and data management/archival.

Recipient of 2008 "Old Faithful" award for fastest and most consistent e-mail response.

Radio DJ, WICB-FM, Ithaca College, Ithaca, NY. August 2007-January 2010

DJing 4 hours per week for various afternoon/daytime shows. Everything from general modern rock programming to weekend Beatles specialty.

In 2009 WICB was ranked as the #1 college radio station in America by The Princeton Review and MTVU.

EDUCATION

Ithaca College, Ithaca, NY Cinema and Photography (cinema production concentration) - 2011.
Minors in Audio Production and Deaf Studies.
